DR. KEYSER'S

PECTORAL SYRUP

CURES CONSUMPTION, CURES BRONCHITIS,

CURES COLDS, CURES ASTHMA,

CURES ALL DISEASES OF THE LUNGS.

I INVITE ATTENTION to some of the most extraordinary cures by my

PECTORAL SYRUP.

They are at home and any one who has doubts can inquire of the persons who have been cured by it.

Dr. KEYSER IS PREPARED AT ANY TIME TO EXAMINE LUNGS, WITHOUT CHARGE, FOR ALL THOSE WHO NEED HIS MEDICINE.

ATTEND TO YOUR COLDS.—A case of five years standing cured by

DR. KEYSER'S

PECTORAL SYRUP.

PITTSBURG, Jan. 11th, 1860.

DR. KEYSER:—My wife has been afflicted with a bad cough and difficulty of breathing for five or six years, which for several years back had gradually increased in violence. The complaint has been hereditary, and she had been treated by several physicians without any relief. In this state of her case I procured some of your Pectoral Cough Syrup. I bought the first time a fifty cent bottle, which relieved her very much; I then called and got a dollar bottle, which cured her entirely, and she has now no trace of the former disease, except weakness. I would also state that I used the medicine myself to a cold and cough. The medicine cured me by taking one dose. I express my entire satisfaction with the medicine, and you are at liberty to publish this if you desire to do so.

WM. WILSON,
Alderman, Fifth Ward.

PITTSBURG, Nov. 18th, 1858.

DR. KEYSER:—Although not an advocate of Patent Medicine in general, it affords me great pleasure to recommend your Pectoral Syrup. As a medicine it is well worthy the attention of any person who may in any manner be affected with coughs, colds and hoarseness of any kind, and for the peculiar qualifications for removing all that disagreeable sensation attending a cold.

I have been more or less, in my life affected with the severest colds of hoarseness. At times my throat would become so closed as to prevent my speaking above a whisper, and by taking a few doses of the above Syrup it would relieve me entirely.

In recommending this medicine, I must unhesitatingly say that it is the best medicine I ever found, purporting to cure the above; nor should any family be without this remedy for diseases so prevalent.

Yours, most respectfully,
EDWARD J. JONES.
Cashier, Citizens' Deposit Bank.

STEUBENVILLE, O., March 14th, 1859.

I have used Dr. Keyser's Cough Syrup for a bad cough of several years standing, and can cheerfully say it is the best medicine for the same that I have ever taken.

J. W. PRICE.

COL. PRATT AND DR. KEYSER'S PECTORAL SYRUP.—DR. KEYSER—Dear Sir: Excuse the delay of my acknowledging the excellence of your Pectoral Syrup sooner. I take great pleasure in saying that it is all you say it is. IT KNOCKED THE NOISE OUT OF MY COUGH, and the worst one I was ever afflicted with; I have not used more than one half of the bottle, and can and do wish that all who are afflicted would give it as fair a trial as I have done, and they will be proud to say, "It is no quack medicine." I would not suffer another such an attack for any consideration, or at any cost. I am confident I can breathe more freely than I ever did. I shall always acknowledge a debt of gratitude for inventing so excellent a remedy.—You are at liberty to use my name in this regard, as you think proper.

E. F. PRATT,
Messenger, Common Council, Pittsburgh, Pa.

PITTSBURG, May 11th, 1859.

N. B.—I am no stranger to my fellow citizens, and all who entertain doubts can consult me personally.

READ THE TRUTH—DR. KEYSER: I have a daughter who has taken several medicines for a bad cough, who has taken several medicines for a bad cough, without benefit—among them Ayer's Cherry Pectoral. I purchased from you a bottle of your PECTORAL SYRUP, and before she had used half a bottle she was relieved. The second bottle cured her entirely of her cough.

JOHN DARIN,
Robison street, Allegheny.

PITTSBURG, December 31st, 1853.

A GREAT CURE BY DR. KEYSER'S PECTORAL SYRUP.—I live in Peebles township, Allegheny county.—I had a coughing and spitting, which commenced about the 4th of February last, and continued eight months, I employed the best physicians in the country, and my cough continued unabated until early in October. At that time I was advised to try your PECTORAL SYRUP, which I did, and after I had taken one bottle I was entirely free from the coughing and spitting. I had dispaired of ever getting well, and I think it should be known that this valuable remedy will do for others what it has done in my case.

JOHN C. LITTLE, Peebles township.
Witness—B. M. KERR.

PATTON TOWNSHIP, April 14th, 1857.

A WONDERFUL CURE.—Some time ago, an old neighbor of mine was very ill with a bad cough which every one supposed to be consumption. His relatives told me he had taken every remedy they heard of without benefit; his brother came to see him die, and all were confirmed in the belief that he could not live. I had about the third of a bottle of your Pectoral Syrup, which I gave him, and it entirely cured him, to the astonishment of all. What makes the case more remarkable, is the extreme age of the man, he being about eighty years old. I have no doubt the Pectoral saved his life.

JOHN M'GINNIS.

DR. KEYSER'S PECTORAL SYRUP IN BLAIRSVILLE.—Please send me another supply of your valuable "Pectoral Syrup." Almost everybody around us has the sold and are inquiring for "Dr. Keyser's Pectoral Syrup." We have sold sixteen bottles last week, and are now entirely out. Mr. Alter and Mr. P. Maher, both of Blairsville, Pa., tell us they would not be without it in their families. In fact, all who use it once want it again.

ANOTHER NEW CERTIFICATE—DR. KEYSER'S PECTORAL SYRUP.—I have been troubled with a cough and cold for several weeks—so bad was it that I could not sleep. I had the advice and prescriptions from three of the best physicians in the city, whom I could name, but do not do so. I finally procured a bottle of your Pectoral Syrup, which cured me entirely. Signed,

J. W. SIMONTON,

"STOP THAT COUGHING."—"How can I do it?"—"Go to Keyser's on Wood street and get a bottle of his Cough Pectoral, and if that don't cure you, your case must be desperate indeed." This is a specimen of the colloquy one hears almost every day in cold catching seasons of the year. As we can, from actual experiment, cheerfully concur in the adviser's admonition as above, for we have tried the "Pectoral" in a most stubborn case, with entire success. Near two weeks ago we went to Pittsburg with one of the most distressing contrary, mulish, unsubduable coughs we have ever experienced since our advent upon this mundane sphere. We coughed steadily and laboriously for one whole week, in hopes of tiring it out, but it was no go. In fact it seemed rather to improve by practice and to have acquired strength, potency and distressibility by the operation. In this state of the siege, we coughed our way to Keyser's, 140 Wood street, procured a fifty cent bottle of the Pectoral, took it according to directions, and in forty-eight hours we were master of the field, the enemy having unconditionally surrendered after a brief but unequal conflict with so formidable an adversary as Keyser's Cough Pectoral.—Brownsville Clipper, Dec. 14th, 1859.

THE LIGHT AT HOME.

The light at home, how bright it beams,
When evening shades around us fall!
And from the lattice, far it gleams
To love, and rest, and common call.
When wearied with the toils of day,
And strife for glory, gold or fame,
How sweet to seek the quiet way,
Where loving lips will lisp our name,
Around the light at home.

When through the dark and stormy night
The wayward wanderer homeward flies,
How cheering is that twinkling light
Which through the forest gloom she spies!
It is the light at home—he feels
That loving hearts will greet him there;
And softly through his bosom steals
The joy that banishes his care,
Around the light at home.

The light at home! when'er at last
It greets the seaman through the storm,
He feels no more the chilling blast
That beats upon his manly form.
Long years upon the sea have fled
Since dear ones gave a parting kiss,
But the sad tears which then were shed
Will now be paid with rapturous bliss,
Around the light at home.

The light at home! how still and sweet
It peeps from yonder cottage door,
The weary laborer to greet,
When the rough toils of day are o'er
Sad is the soul that does not know
The blessings that the beams impart—
The cheerful hopes and joys that flow,
And lightens up the heaviest heart,
Around the light at home.

COMMUTATION OF THE TONNAGE DUTIES.

The Committee on Ways and Means has reported the following bill. It will be seen that the tonnage duties are not actually repealed, but that the payments of the same are shaped differently than they were heretofore. We have not been able to read the bill carefully, and therefore commend the same to the careful attention of our readers. We shall, however, analize the bill shortly and give our opinion of it:—

AN ACT for the commutation of Tonnage duties.

Whereas, By a provision of the Act to incorporate the Pennsylvania Railroad company, approved the thirteenth of April, eighteen hundred and forty-six, and a supplement thereto, approved the twenty-seventh of March, eighteen hundred and forty-eight, a tax or duty was imposed on all tonnage loaded or received at Harrisburg, Pittsburg and intermediate points, and carried or conveyed on the Railroad of the said company more than twenty miles, which said tax was intended to compensate for any probable dimunition in the receits of the Main Line of the Public Works, (then owned by the State,) by reason of the construction and operation of the said Railroad.

And Whereas, It was provided in the third section of the Act for the Main Line of the Public Works, approved the sixteenth day of May, eighteen hundred and fifty-seven, that if the Pennsylvania Railroad company should become the purchasers of the said works, the said company, in addition to the sum of seven millions five hundred thousand dollars ($7,500,000), the price limited by the said Act should pay the sum of one million five hundred thousand dollars ($1,500,000), in five per cent bonds of the company, and that thereupon the said company and the Harrisburg, Portsmouth, Mount Joy and Lancaster Rail Road Company should, in consideration thereof, be discharged by the Commonwealth forever from the payment of all taxes upon tonnage or freight carried over said railroads, and the said Pennsylvania Railroad company should be released from the payment of all other taxes or duties on its capital stock, bonds, dividends or property.

And Whereas, It was subsequently decided by the Supreme Court of this Commonwealth, that while the Legislature had full authority to repeal the provisions of the said Acts, yet, inasmuch as part of the last the mentioned section in the Act for the sale of the Main Line placed all the property of the taxing power, it was therefore, to that extent, unconstitutional and void.

And Whereas, It was the clear intention of the Legislature, by the said Act for the sale of the Main Line, in case the Pennsylvania Railroad company should become the purchaser of the same, to exhonorate and release the said company from further liability for the payment of said tonnage tax, and for the additional consideration therein named, all other taxes; and as the tonnage tax now falls indirectly on flour, grain, cattle, iron, minerals and other domestic products transported on one line of improvements, while similar products transported on other lines, are exempt from the same; and as a reason for the imposition thereof ceased to exist on the sale of the works it was intended to protect, the right of the State any longer to demand the payment of the said tax is denied, and said demand has led to litigation between the State and the company, and will probably involve the parties in litigation with the citizens of other States, to the injury of our internal trade and commerce, which is the duty of the government to encourage and protect, by all lawful means.

And whereas, The said company has proposed a compromise and final settlement of the question, by paying into the Treasury, in commutation of the said tonnage tax and in discharge thereof, such additional sum semi-annually, over and above the instalments of principal and the interest on its debt to the State, as may be required to make said payment amount to four hundred and sixty thousand dollars ($460,000) annually, until the year eighteen hundred and ninety, at which time the entire balance of the principal and interest shall be paid in full; and by paying, also, in addition to the said semi-annual instalments, all other taxes on their property to which they may hereafter be made liable under the general revenue laws of the State, and agree to make reductions for transportation of local trade, as hereinafter provides, and to aid, also, in the construction of certain lateral railroads, the completion of which is essential as a means of facilitating the settlement and improvement of valuable districts of the Commonwealth yet undeveloped.

And whereas, In the opinion of this Legislature, it is expedient to accept the said proposition, and to relieve all agricultural, mineral, and industrial products, and other property passing over any railroad, canal, or slackwater navigation in this Commonwealth, from the payment of tonnage tax or duty to the State; therefore,

SECTION 1. *Be it enacted by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met and it is hereby enacted by the authority of the same*, That if a majority of the Directors of the Pennsylvania Railroad company, who, for the purposes of this act are hereby vested with all needful authority, shall at a meeting called for that purpose, resolve to accept the provisions of this Act, and shall authorize the execution of a written contract under its corporate seal with the Commonwealth of Pennsylvania, to pay into the State Treasury on account of its indebtedness to the Commonwealth, by reason of a purchase of the Main Line of the Public Works, on the thirty-first days of January and July in every year, until the thirty-first of July, eighteen hundred and ninety, inclusive, such sum, in addition to the interest on its bonds owned by the State, and in addition to its annual liability to the State on account of purchase money for said line of improvements, as will increase each semi-annual payment on account of said debt and interest to the sum of two hundred and thirty thousand dollars, ($230,000,) and the aggregate of all such payments to the sum of thirteen millions five hundred and seventy thousand dollars, ($13,570,000,) and shall agree to pay, on the said thirty-first day of July, eighteen hundred and ninety, into the Treasury, the balance then unpaid of the principal and interest of said bonds, and shall further agree to reduce its local charges for the transportation of grain, flour, cattle, iron, minerals and other property, as hereinafter provided; and if the said company shall, in the manner aforesaid, on or before the first of July, make and enter into with the Commonwealth of Pennsylvania a written contract to that effect, and shall on or before the said day deliver the same to the Commonwealth, by depositing the same in the office of the Auditor General, then and in such case, and in consideration thereof, the Commonwealth of Pennsylvania shall not at any time hereafter lay, impose, levy, or collect any tax or duty upon, or in respect to freight or tonnage passing over the said Pennsylvania Railroad, or the Harrisburg, Portsmouth Mount Joy and Lancaster Railroad, or any part of them, or either of them, unless a like tax shall at the same time be imposed, laid or levied upon all other railroads or railroad companies of this Commonwealth; and all laws imposing taxes or duties upon freight or tonnage upon the railroads, canals and slackwater navigation companies, for the use of the Commonwealth, be and they are hereby repealed, and no further or other proceedings shall be had or taken on the part of the Commonwealth to enforce the collection of any tax or duty, or obligation given therefor, or judgment recovered, or obtained in pursuance of any existing laws on tonnage carried or conveyed on the railroad of said Pennsylvania Railroad Company, or on that of any other company incorporated by the State; and the said companies shall be, by the proper officers of the Commonwealth, exhonorated, released and relieved from every lien and liability to the State on account thereof.

SEC. 2. That from and after the passage of this Act, all railroad, canal and slackwater navigation companies incorporated by this State, and liable for the payment of taxes and duties on tonnage, imposed by any laws heretofore enacted, shall make the reduction of their charges for transportation on their local freight, as fixed by their respective toll sheets, on the first day of February, one thousand eight hundred and sixty-one, equal to the full amount of the tax or duty chargeable upon such freight or tonnage by the laws aforesaid; the present winter rates between the first day of December and the first day of May, shall be considered as fixed at 90 cents per 100 lbs. for first class, 75 cents per 100 lbs. for second class, 60 cents per 100 lbs. for third class, 40 per 100 lbs. for fourth class, on all trade carried between Philadelphia and Pittsburg, and a failure on the part of either of said Companies to make such reduction, shall render the company so neglecting liable to the Commonwealth for double the amount of the tonnage tax heretofore chargeable against them upon such trade—and every such Company shall, within thirty days after the passage of this Act, under a like penalty, file in the office of the Auditor General, under the oath of the President or other officer, a toll sheet of their rates of charges for transportation of local freights, upon the first day of February, one thousand eight hundred and sixty-one, accompanied by a statement of the reduction to be made in pursuance of this Act, and the said rates as so reduced shall be the highest rates that can be charged for the transportation of such freight and tonnage by any company accepting the provisions of this Act: *Further*, the Pennsylvania Railroad Company shall not at any time charge or collect rates on any description of freights from any eastern or sea-board cities to Pittsburg, higher than the gross rates charged or collected by the same route from same points to any point west of Pittsburg; nor shall the said Pennsylvania Railroad Company at any time charge or collect rates on any description of freights from Pittsburg to Philadelphia, Baltimore or New York or other seaboard cities higher than the gross rates that may be charged by the same route from any point west of Pittsburg to the same points on the same description of property. The local rates from Pittsburg or Philadelphia to stations on the line of the Pennsylvania Railroad shall at no time exceed the gross rates charged through between Philadelphia and Pittsburg exceed the through rates as made from time to time under the provisions of this Act, nor shall the rates charged to any points exceed those charged to any point of greater distance in the same direction from the place of shipment: *And further*, all shippers of western products, under through bills of lading, from any point west of Pittsburg, to the seaboard cities, shall have the privilege of disposing of their property at Pittsburg, by giving timely notice, before its arrival at that point, to the transfer agents of the Pennsylvania Railroad Company, and by delivering up their through bills of lading, thus releasing the Pennsylvania Railroad Company from all liability on account thereof. If the property is not sold at Pittsburg, the owner, consignee or shipper of said property shall have the right to deliver the same to the transfer agency of the Pennsylvania Railroad company at Pittsburg, and forward the same within ten days after its arrival at Pittsburg, under the conditions and rates of the original through bill of lading.

SEC. 3. That the Pennsylvania Railroad company shall be liable to taxation for all State purposes, and the said company shall pay the same rate of taxation which is now, or may hereafter, be imposed by any general law operating upon all other Railroad companies incorporated by this Commonwealth. The semi-annual installments of the said sum of thirteen millions five hundred and seventy thousand dollars, ($13,570,000,) and the balance of the said debt and interest so to be paid into the State Treasury as is herein provided, are hereby pledged to, and the same shall be applied only to the payment and extinguishment of the principal and interest of the funded debt of this Commonwealth, and to no other purpose whatsoever.

SEC. 4. That, for the purpose of developing the resources of the State, the Pennsylvania Railroad company is hereby authorized and required to expend the sum of eight hundred and fifty thousand dollars in aid to the Chartiers Valley Railroad company; the Pittsburg and Steubenville Railroad company; the Fayette County Railroad company, (between Greensburg and the Youghiogheny River;) the West Pennsylvania Railroad company, (between Blairsville and Butler; the Ebensburg and Cresson Railroad company; the Bedford Railroad company, (between Hopewell and Bedford;) the Tyrone and Clearfield company, and the Philipsburg and Waterford Railroad company, (between Tyrone and Brookville;) the Tyrone and Lock Haven Railroad company; the Mifflin and Centre County Railroad company, (between Lewistown and Reedville;) the Chambersburg and Allegheny Railroad company, (between Chambersburg and the point of connection with the Bedford Railroad near Hopewell;) or their successors or ensigns, in sums proportionated to their respective lengths between the above designated points, purchasing their bonds respectively from said Companies, payable in twenty years, with interest, payable semi-annually, secured by a first mortgage created for the purpose on their property, real and personal, and franchises acquired and to be acquired, and the said Companies are hereby respectively authorized and empowered to create and issue such bonds, and secure the payment thereof by such majority of their respective stockholders present at a meeting to be called for that purpose, of which notice shall be given, as provided by their charters or by-laws, respectively; said bonds, and the mortgages given to secure the same shall not exceed in amount the sum required for the cost of the superstructure of bridges, the rails, cross-ties, the chairs and spikes, and laying the track of the said roads, required for the cost of said roads, respectively—and the proceeds of all the said bonds, so secured, shall be exclusively applied to the said purposes—and the said purchases of bonds, shall be required to be made of each of the said companies in installments, after sections of said roads, respectively of the length of five miles from each end, as hereinbefore designated, shall have been duly and properly graded and the masonry completed, and after the said grading and masonry shall have been approved by a competent civil engineer, appointed by the Governor for that purpose—and who shall be paid for his services by the said companies receiving aid under the provisions of this Act—and when each section of five miles so graded from each such end of the said roads respectively, shall have been so completed and such certificate so given, then the pro rata proportion of the said bonds shall be purchased, and so continued from time to time until the amount payable to the said companies shall be exhausted—and the sum paid upon the completion of the said section as aforesaid respectively, shall be exclusively appropriated and be used for the purposes above mentioned, upon the section for and in respect to which the purchase is made—and for no other purpose or portion of said road whatsoever—*provided, however*, that if either of the said companies shall fail to grade and prepare for bridges, superstructure, and laying of track at least one section of five miles at each of such end of its road within one year—or the whole of their respective roads within three years from the passage of this act, any such company, so in default, shall no longer have any right to demand or require any further purchase of their bonds as aforesaid, and the sums which any such defaulting companies would have been entitled to demand in payment of their bonds, shall be added *pro rata* to the purchase to be made of such of the said companies as shall comply with the provisions of this section.

SEC. 5 That if any stockholder or stockholders of any railroad, canal, or slackwater navigation companies shall be dissatisfied with, or object to any of the provisions of this Act, to apply by petition to the Court of Common Pleas of the county in which the chief office of the said companies may respectively be held—to appoint three disinterested persons to estimate and appraise the damage, if any, done to such stockholder or stockholders, and whose award, or that of a majority of them, when confirmed by the said Court, shall be final and conclusive. And the person so appointed shall also appraise the share or shares of said stockholders in the said company at the full market value thereof, without regard to any depreciation in consequence of the passage of this Act, and the said company may, at its election, either pay to the said holder the amount of damages so found, or the value of the stock so ascertained, and upon payment of the value of the stock as aforesaid, the said stockholder shall transfer the stock so held by him to the said company, to be imposed by directors of said company, or be retained by them for the benefit of the remaining stockholders. And all laws inconsistent with the provisions of this Act, be and the same are hereby repealed.

A STRETCHER.—We once heard an old fellow, famous all over the country for his tough yarns, tell the following: He was telling what heavy wheat he had seen in New York.

"My father," said he, "once had a field of wheat, the heads of which were so close together that the wild turkeys when they come to eat, could walk around on the top of it anywhere."

We suggested that the turkeys must have been small ones.

"No, sir," continued he, "they were very large ones. I shot one of them one day, and when I took hold of his legs to carry him his head dragged in the snow behind me."

"A curious country you must have had, to have had snow in harvest time."

"Well, I declare," said he, looking a little foolish, "I reckon I've got part of two stories mixed!"

A DOCILE HUSBAND.—In Portland, Oregon, there is a man who lived with his wife several years, and they had several children. At last she got tired of him, and proposed that they should get a divorce. He said he had no objection if she would support him. She agreed to do so, and they were divorced. She is now married to another man, and supports her former husband by retaining him in the family as a servant.

☞ *Peterson's Ladies' National Magazine*, for March, is already upon our table. It is a most excellent number, and every lady should have it. The leading engraving, styled "Christ Blessing Little Children," is a beautiful one. Terms—one copy per year, $2.00; three copies for $5.00. Address Chas. J. Peterson, No 306 Chestnut Street, Phila.

☞ Godey's Lady's Book.—The March number of the Lady's Book is before us. This popular magazine is pronounced by everybody to be the best, cheapest and most useful in the world. The double-sized colored fashion-plate is a magnificent thing, and the other plates are of the very best kind. It is truly the *model* magazine. Published by L. A. Godey, 323, Chestnut St., Phila., at $3.00 per year, or two copies for one $5.00.

☞ Floyd, as Secretary of war, had a salary of eight thousand dollars per annum. He was poor when he entered office. He held the place about three years and six months. From his savings, he shipped by Adams' Express to his home in Virginia, one hundred and twenty thousand dollars. This is an extraordinary example of thrift and economy.

☞ The Grand Jury of Savannah, Ga., have presented the several lawless acts lately committed upon the person and the liberty of various individuals resident of that city. They denounce in strong terms the more recent outrage upon the person of Capt. Vaughn, of the British ship Kalos, who was tarred and feathered because, as is alleged, he extended a civility unusual in that latitude to a negro.

The Latest.—The following is the latest despatch from Washington, dated Feb. 19th:—Colonel Sumter, former member of Congress, writes here from South Carolina that Fort Sumter will be taken either before, or immediately after the 4th of March, whatever sacrifice of life it may occasion. This he states is a sure thing, and all arranged. The writer says that he himself is engaged in the movement, and his character leaves no doubt about his sincerity.

Ex-President Tyler expressed himself, this morning, as having hopes of an immediate and mutually satisfactory compromise.

The long looked for Force Bill was up this morning in the House. It looks to the, if necessary, forcible collection of the U. S. revenue, and the protection of U. S. property.—Stanton, Chairman of the Committee on Military, made an elaborate and forcible speech.—The debate which followed was very exciting. Stanton declared that the incoming administration will enforce the revenue law, even if the whole Southern army oppose. The Force Bill then went over till to-morrow.

Important Bills Passed in the House.—On Saturday morning last, in the House of Representatives, the Bill for the Commutation of the Tonnage duties on the Pennsylvania Railroad passed finally by the following vote:

The Bill to change the name, and for the relief of the Sunbury and Erie Rail Road also passed the House finally, by a vote of 72 to 26.

☞ The Greenbrier (Va.) *Independent* thus enumerates the bonds of union between the Northern and Southern States:

"Material interests bind them; rivers bind them; railroads bind them; trade binds them; mutual wants and necessities bind them; the laws of production and manufacture bind them; the ice of the North and the tropical fruits of the South bind them; safety against foreign danger binds them; the kindred blood that flows in myriads of veins bind them; the most perfect Constitution that was ever formed by man binds them; the memories of the past bind them; the yet unfulfilled destiny of this great nation binds them; a thousand influences, seen and unseen, all conspire to bind these States together in indissoluble bonds."

☞ In Montreal the skating pond or ring is roofed over, so as to prevent its being covered with snow. It is lighted at night, and the band of the Canadian Rifles generally attend. The ladies frequent it, wearing short dresses, looped up so as to be out of the way, and Turkish trowsers.

☞ The Pittsburgh *Chronicle* says:—On Wednesday of last week, Dr. Leasure, assisted by Dr. Barker, removed four inches of deceased bone from the thigh of a young man named Aikin, of New Castle. He had been kicked by a horse thirteen years ago, since which there has been an open sore at the seat of the injury. The removal of the dead bone makes the cure certain and speedy.

☞ There is said to be a specie of worm that eats the dykes of Holland, and occasionally endangers the overthrow of the whole country. In the event of an enforced warfare between the North and South, says the Louisville *Journal*, might there not be troublesome animals eating through the levees of the Mississippi in high water? The bare thought is one of terror.

☞ A practical man of business, who has industriously examined the Pennsylvania oil regions, says that the reports of large returns are inflated by those holding land; that instead of wells yielding twenty-five to thirty barrels per day, five to eight is a nearer amount; that the wells fail soon after being worked; that where one succeeds two fail; and he believes that $200,000 more have been spent than produced in the oil region.

☞ A young married man named Jacob Drexler, a tailor by trade, attempted to commit suicide last week in the office of the *Democrat*, in Bloomfield, Perry county. He stepped up on a chair, placed a rope around his neck and attached it to a staple in the ceiling, then kicked the chair away. He was fortunately discovered and "cut down" in time to barely save his life. He received no serious damage, but complains of having a "stiff neck."

☞ As the Presidential party was leaving one of the railway stations in Ohio, a bustling little fellow ran up and handed the President elect an apple. Some one in the crowd, whose accent betrayed his milesian origin hallooed—"He's a candidate for Postmaster, Mr. Lincoln." Mr. Lincoln was highly amused, but it is apprehended that he has not inherited enough of grandmother Eve's weakness to allow himself to be seduced by such a bribe.

The Plan of the Committee of the Peace Conference.

The following are the proposed amendments to the Constitution, agreed upon by the Committee of the Peace Conference at Washington, and to be reported to the Conference. It is called Mr. Guthrie's plan, but it has been materially modified from that gentleman's original draft:

Article 1. In all territory of the United States not embraced within the limits of the Cherokee treaty grant, north of a line from east to west, on the parallel of thirty-six degrees thirty minutes north latitude, involuntary servitude, except in punishment of crime, is prohibited whilst it shall be under a Territorial Government; and in all the territory south of said line the status of persons owning service or labor as it now exists shall not be changed by law while such territory shall be under territorial Government; and neither Congress nor the Territorial Government shall have power to hinder or prevent the taking to said territory of persons held to labor or involuntary service within the United States, according to the laws or usages of any State from which such persons may be taken, nor to impair the rights arising out of said regulations, which shall be subject to judicial cognizance in the federal courts according to the common law; and when any territory north of said line, within such boundary as Congress may prescribe, shall contain a population required for a member of Congress, according to the federal ratio of representation, it shall, if its form of Government be Republican, be admitted into the Union on an equal footing with the original States, with or without involuntary service or labor, as the Constitution of such new State may provide.

Art 2. Territory shall not be acquired by the United States unless by treaty, nor, except for naval and commercial stations and depots, unless such treaty shall be ratified by four fifths of all the members of the Senate.

Art. 3. Neither the Constitution nor any amendment thereof shall be construed to give Congress power to abolish or control within any State or Territory the relation established or recognized by the laws thereof touching persons bound to labor or involuntary service therein, or to interfere with or abolish involuntary service in the District of Columbia without the consent of Maryland, and without the consent of the owners, or making the owners, who do not consent, just compensation; nor the power to interfere with or prohibit representatives and others from bringing with them to the city of Washington, retaining and taking away, persons so bound to labor; nor the power to interfere with or abolish involuntary service in places under the exclusive jurisdiction of the United States within those States and Territories where the same is established or recognized; nor the power to prohibit the removal of transportation, by land, sea or river, of persons held to labor or involuntary service in any State or Territory of the United States to any other State or Territory thereof where it is established or recognized by law or usage and the right during transportation of touching at shores, ports and landings, and of landing in case of distress, shall exist; nor shall Congress have power to authorize any higher rate of taxes on persons bound to labor on the land.

Art. 4. The third paragraph of the second section of the fourth article of the Constitution shall not be construed to prevent any of the States, by appropriate legislation, and through the action of their judicial and ministerial officers, from enforcing the delivery of fugutives from labor to the person to whom such service or labor is due.

Art 5. The foreign slave trade, and the importation of slaves into the United States and their Territories, from places beyond the present limits thereof, are forever prohibited.

Art 6 The first, second, third and fifth articles, together with this article of these amendments, and the third paragraph of the second section of the first article of the Constitution, and the third paragraph of the second section of the fourth thereof, shall not be amended or abolished without the consent of all the States.

Art 7. Congress shall provide by law that the United States shall pay to the owner the full value of his fugitive from labor in all cases where the Marshall or other officer, whose duty it was to arrest such fugitive, was prevented from so doing by violence or intimidation, or when, after arrest, such fugitive was rescued by force, and the owner thereby prevented and obstructed in pursuit of his remedy for the recovery of such fugitives.

Objections to the New Constitution.

The Charleston *Mercury* does not like the Constitution adopted for the new Confederacy and says so with its useful frankness:—

We regret that any Provisional Government was formed at all, and in one or two important particulars confess to disappointment and surprise at the Government and laws enacted. It seems that the United States Protective Tariff of 1856 has been adopted, and that a positive condemnation of the institution of slavery, through the slave trade, has been inserted into the Constitution itself. Neither of these did we expect. We did not suppose that any Southern Government, whether for a month or a year, would sanction the policy of the Protective Tariffs. The Tariff of 1857 is odious and oppressive in its discriminations. It was made to favor Northern enterprise at the expense of the people of the South—a huge freelist for them—the burden of taxation for us to bear, and we maintain is adverse to revenue, unjust in principle, and oppressive in practice. Whether this is brought about by a partial remission of duties or a partial imposition, it is still the same in effect. We enter our protest against the scheme and policy, both as regards ourselves and in the results so far as foreign nations are concerned, and their friendship, at this time, valuable to us. In each respect free trade is the true policy of the Confederate States.

We deem it also unfortunate and unappropos that the stigma of illegitimacy and illegality should be placed upon the institution of Slavery by a fundamental law against the slave trade. In our opinion it is a matter of policy, and not of principle, to be decided now and hereafter, from sound views of the necessities and safety of our people. We think it a proper subject of legislation. We are willing to prohibit it by legal enactment, like any other topic of legislation. But while England imports her thousands of Coolie slaves, and France hers, under the farcical appellation of "apprentices"—while they are striving by these means to compete with us and supersede us, in producing the tropical productions of slave labor—while we have within our reach a large scope of fertile territory uncultivated in Texas, and may have ere long the silver mines of Arizona, and the teeming States of Mexico, to populate and reduce to agricultural productiveness—it seems to us shortsighted, weak and sentimel to preclude forever, by fundamental enactment, the adoption of a policy that may become essential to our appropriate growth and expansion, and to our successful competition with the hypocritical notions of Europe.

But the Constitution, as adopted, is only provisional and temporary, and may, therefore, be excusable on that account. We hope the permanent Government will be made and established speedily, and without reference to anything going on outside of the Confederate States—These have complete success within their grasp, if they will only act fearlessly, and with the confidence of men who are competent to control their destinies. Too great a deference and delay for the Border States still in the Union will only encourage their dilatoriness and prolong their stay. Let the Confederate States but perform their duty, and their whole duty to themselves, irrespective of the others, and we will answer for the result in a final Confederacy of all the Slave States.

Parson Brownlow Firm to the End.—In the last issue of the Knoxville *Whig* Parson Brownlow says:—

We are informed that Mr. ——, of the ninth civil district of Knox, has proposed to join a company at any time, to come to Knoxville and hang the editor of this paper. We propose next Monday as a suitable day, and we invite our Union friends to attend and witness the execution! We propose to make a speech under the gallows, and to relate our political experience. There will be a mass meeting of the party here on that day, and the hanging of the "notorious Brownlow" will greatly add to the interest of the occasion!

A Wolf by the Tail.—While skating near St. Joseph, Mo., last week, James Graham caught sight of a wolf turning down the river, and instantly gave chase; just on the eve of being caught, the affrighted brute jumped into an open stretch of water, followed by the eager hunter, who seized his game by the tail, got safely landed, assisted by some friends, and finished by killing the wolf.

☞ It is estimated that of the four hundred and forty Southern officers still in the army, fully four hundred will remain in the service, let what will take place. Even adding to the list of regular resignations in the line of the West Point cadets, who left to save themselves the mortification of being cashiered, the total number of political malcontents would be under fifty.

Starvation in Kansas.

The suffering in Kansas is said to be without a parallel in this country, 30,000 or 40,000 persons being without the means of subsistence.—There is a proposition before our Legislature for relief to that destitute people, which we think should be immediately passed.

The following statement is from N. B. Blanton, a member of the State Legislature of Kansas, who resides in Humboldt, Allen county, on the Neosho, about 150 miles from Atchison:

In Humboldt we are now, as a community, about alike in destitution—starvation stares us all in the face—we have nothing to live on, and we have no means of getting away.

One week ago yesterday I left my family with less than eight day's provisions; every hour that I am away seems a day to me—I shudder at being so long absent from them, and I tremble to return—there is nothing that can be borrowed now. All are poor alike and destitute—there is nothing left to be divided—we are all on one common level—the teams are fast becoming useless—they are already too weak from want of grain to haul heavy loads long distances—unless relief can be sent to our suffering people away down in the far distant counties, they must perish by whole communities—they cannot live—and it costs one half of every load to feed the starving teams.

About a month ago, one of my neighbors, a Mr. De Witt, left Atchison with 18 sacks of meal. When he reached home he had but 8 left; his team had eaten up the rest. What remained did not half supply the famishing.

Among the sufferers, when I left, was a widow with nine children, mostly girls. This broken-hearted mother had literally nothing to feed her famishing family with—not a mouthfull. I sent her over to the next township to borrow a team—poverty supply until our relief teams should get in; but the poor woman was unsuccessful; all were destitute; the teams of that township were still absent; they too were anxiously counting the hours until food should arrive! But the teams could not get in, for a severe snow storm had rendered the roads impassable, and there they were: the poor famishing people watching anxiously and in agony at home; the husbands and parents weather-bound upon the snow drifted prairies, with feet frozen solid to their ankles; the supply diminishing hour by hour to save the teams upon which all their lives depended; and thus suffering in the cabins and suffering upon the way-side, with starvation settling steadily down upon both man and beast, and a hideous death closing in upon them all!

Such is our unhappy condition—my heart beats with anxiety to get back to my poor family. Whether I shall find them alive, I cannot tell, or whether I shall find them, with my poor neighbors, all asleep within the grim embraces of a terrible death, I cannot tell; but in either event, I am impatient to be with them; if living, to share their sorrow; if dead, to lie down beside them in the same cold sleep!

But as things now are, yet worse even is possible; for prompt and judicious effort may yet reach and save a multitude. But the melting snows of February will soon be upon us; our streams and rivers will then overflow; the roads in every direction will be heavy and formidable to even strong and well-fed teams; what they will be to ours, I need not say. Relief then will be almost impossible.

As I was coming here I met poor old father Whitten, one of the Arkansas exiles, and a Methodist preacher; he had been up to Atchison and obtained a supply; but the snow-storm overtook him on the prairie, and there I found him between Atchison and Oskaloosa, weather-bound and frost-bitten; *twenty seven* days since he had started from his home; his feet frozen; his nose and ears badly bitten by the frost; his son's feet wrapped in old meal sacks, also frost bitten; neither of them with sufficient garments; half of his load already eaten up by his week and furnishing cattle, and a full *ten days'* journey yet before them with the best kind of luck!

And this instance is one of many. All along the road I met poor frost-bitten teamster, some wholly unable to use their feet, others hobbling along in pain; some with frozen ears; and all lacking proper clothing to shield them from the inclemency of the weather.

Such is the frightful condition of our people in the distant settlements—such the immediate prospect before them. What is to be the end of it all, God alone can tell. (Signed)

N. B. BLANTON.

A Plea for Mercy.—The following significant paragraph appears in the advertising columns of the Charleston *Mercury* of Friday. The frame attached to it is that of the President of the South Carolina College; and who, about the time that the Brooklyn was first rumored to be preparing for a visit to Charleston, published a pamphlet imploring the authorities and citizens of that city not to oppose her entrance to the harbor, and avoid thus the responsibility of initiating civil war:

Fort Sumpter.

The time is approaching when Fort Sumpter will probably be attacked. Let the assailants remember that the garrison are, in the main, poor hirelings, bound to obey the orders of their superiors, and doubtless, not disposed to fight if they could avoid it. That they are not responsible for the acts of the president, or of the United States, and that not one of them should be put to death, but as a necessary measure to secure the fort to South Carolina. Let not one be killed after the fort is surrendered; let as little blood be shed as possible.

A. B Longstreet.

The Wild Hunt After Office.—The members from one of the Congressional Districts in the Mississippi convention retired to an anteroom in the capitol to nominate a delegate to the Montgomery Convention. After several ballots it was found that they were all candidates, and no one received more than one vote. At length the name of an unpretending outsider was proposed, and, as no one supposed that he could be successful, they all voted for him, and to the intense disgust of the ambitious patriots, he was elected unanimously.

☞ A plain, hard fisted old man called upon Gov. Curtin, of Pennsylvania, the other day.—The Governor, supposing, of course, that the man wanted a place somewhere, expressed his appreciation of his past services, and said he was sorry he could not reward him with an office. "But I don't want an office," said the old man, "I merely called to see if you didn't want to buy a good dog."

☞ The closing years of life are often rendered wretched by ailments which are trifling in themselves and easily cured if taken in time. Affection of the liver, stomach, and other organs concerned in digestion are the most frequent. They naturally make the sufferer nervous, irritable and complaining, and relatives and friends are forced to bear the brunt of their ill-humor. The use of Hostetters Celebrated Stomach Bitters will prove an efficient remedy for this evil. It will not only strengthen the whole physical organization, but entirely cure the most obstinate cases of Indigestion, Diarrhœa, Dysentery, and Liver Complaint. The first physicians in the country are loud in their praise of this preparation. Another recommendation of the Bitters is that it is so palatable to the taste that it may be used even as a beverage.

Sold by all druggists.

A DESERTED VILLAGE.—One of the most interesting incidents in the history of Cambria county is the settlement of the village of Beulah, scarcely a trace of which now remains. It was founded by a body of Welshmen, and lays in a small valley on the Blacklick Creek, in the township of Cambria, then in Somerset county, but afterwards included in the new county of Cambria. They laid out streets, published a newspaper called *The Western Sky*, built a library and seminary, and seemed on the road to prosperity, when the establishment of the town of Ebensburgh took away every inhabitant, and now the streets are obliterated, and every house except a shaky wooden dwelling has disappeared. The county of Cambria was wild and solitary enough, with its mountain peaks and lonely water courses, but the story of this deserted village adds a still more picturesque interest to its scenery.

SEASON OF LENT.—The season of Lent began on Wednesday of last week, and will continue for forty days, the obligation of its observance resting upon the adherents of the Catholic faith who have reached the age of twenty-one years, unless specially dispensed The exemptions from the regulations are those under twenty one years of age, the sick, nursing women, those who do hard labor, and those who through weakness cannot fast without prejudice to their health. The occasion is one of much solemnity in the Catholic Church.

CONCERT.—The concert given in the Presbyterian Church, on Thursday and Friday evenings of last week, for the benefit of its Sabbath School Library, was, we are pleased to state, a complete success. We did not learn the amount taken in, but, judging from the number in attendance, they must have netted quite a handsome sum. The singing was most excellent, and everything passed off to the entire satisfaction of all present.

SPRING FASHIONS.—We notice from the city papers that the Spring fashions for trowsers are already out. The favorite style is a narrow plaid in enormous squares. One bar rests upon the boot, the next at the knee, and the third at the hip, the fourth forming the waistband. The *Press* says the legs of the gentlemen sporting these trowsers reminded them of the long loophole windows in front of the Penitentiary. The color is a lively brick dust, barred with orange.

☞ An exchange says, while two of the gentler sex were promenading Main street, one of them came down like a "thousand of brick." Jumping up she exclaimed, *sotto voce*, "Before another Winter I'll have a man to hang on to; see if I don't." A sensible determination certainly. A man to hang on to is a handy thing to have, either out of doors or in the house.

CHILD DESERTION ON THE CARS.—The Friday Express train from Pittsburgh carried to Harrisburg a child apparently about five or six days old, which had been cruelly deserted by its mother. It appears that a man and woman in company got upon the train at Tyrone station, this county, the woman having with her a child. As the train approached Huntingdon, the woman entered the saloon attached to the ladies' car, and at that station she and the man accompanying her got out. After the train had proceeded fifteen or twenty miles, a passenger entered the saloon, and found the baby lying upon the seat, snugly wrapped up. He apprised Mr. Solomon D. Grone, the conductor, who got one of the lady passengers to take charge of the child until something could be done in the matter. Subsequently a lady named Mrs. Lee, of Pottsville, expressed a willingness to keep the child and raise it, as she had been married for eight years and never been "blessed with a baby." She and her husband stopped at Harrisburg; but previously to leaving the train the child was christened Abraham Lincoln Lee. Conductor Grone telegraphed to Huntingdon as soon as possible, and we learn that the mother, and the man accompanying her were both arrested. The child was a healthy boy, and its mother an unmarried woman who is still confined to her room in Tyrone.

COUNCIL PROCEEDINGS.—A stated meeting of Council held Feb. 12th, 1861. Present, A. A. Smyth, R. Greenwood, D. Laughman, J. A. McDowell, Council, and Wm. C. McCormick, Chief Burgess.

Minutes of last meeting read and approved.

On motion, *Resolved*, That we now proceed to the examination of exonerations asked by John McClelland, collector for 1861, on duplicate of that year, and on examination, exonerations to amount of $33.04 were allowed.

The committee appointed to examine the account of John M. Campbell made report, which was accepted, and an order granted for the amount of $61.62.

A bill was presented by Wm. W. Snyder, Supervisor, for service rendered during November and December last, an order granted for $6.00

The resignation of Wm. C. McCormick as Chief Burgess of the Borough was presented and read, to take effect immediately after the spring election. Which was, on motion accepted, and the thanks of Council tendered him for his general gentlemanly deportment toward the members of Council during the time we have been brought together in transacting the business of the Borough, and we regret exceedingly the necessity which compels a separation.

Adjourned to meet again at the call of the Chief Burgess.—[*Extract from Minutes.*]

FASHIONABLY DRESSED CHILDREN.—The absurd fashion of exposing children of tender years to the keen out-door air with but half the necessary protection which their little arms and legs require, is so prevalent as to require a word of comment. It is true, fond mother, that your chubby three year old boy is as finely modeled as the Cupid of Canova; but the pleasure you derive in knowing that other people admire the graceful roundness of those limbs will never compensate you for the anguish and watchings which you will experience when he is attacked with croup or the terrible scarlet fever. Strong men find it impossible to spend half their time in the heated houses of civilized society, and then go out of doors with thinly clad extremities, without catching all the colds and coughs that flesh is heir to. No one but a highlander, used to the sky for a canopy and the weather for a bed, can go bare-legged with impunity in these northern latitudes and changeful seasons. Yet we daily see little boys and girls dressed in the shortest clothes, with knees and arms reddened and chapped by the cold. Hundreds of innocents yearly die from this cause alone.—Will not all mothers who read this, heed the warning?

NEW MODE OF GRAFTING.—The French are practicing a new method of grafting, a knowledge of which may prove valuable to American horticulturists, inasmuch as it can be performed at any season of the year when sound, mature buds can be had, whether the sap is in a flowing condition or not. It is performed by removing a small piece of bark and wood, leaving a smooth and flat surface, to which a similar piece containing the bud, which is to form the future tree, is fitted, which is sealed over immediately with colodion. This forms a strong impervious cuticle, which secures a free circulation of sap on the approach of warm weather, and a perfect union of the parts.

"OLD ABE" AT THE CAPITOL.—The President elect and suite will leave Philadelphia in a Special train, at 9.30 A. M., and Friday morning, arriving at Harrisburg at 1.40 P. M., will be present at the ceremonies attending the raising of the American flag on the dome of the Capitol.—The military and civic procession, we have no doubt will be an immense one.

☞ Col. James M. Swank, Junior editor of the Johnstown *Tribune*, has been appointed Superintendent of Common Schools for Cambria county, in place of Thomas A. Maguire, resigned. A better selection could not have been made. Col. S. announces his intention of withdrawing from the editorial chair, and devoting his whole attention to the duties of his new office.

SPECIAL TRAIN.—A Special Train will leave this place at 1:00 o'clock on Friday morning, for the accommodation of military companies intending to participate in the Union demonstration at Harrisburg on that day. Returning will leave Harrisburg at 5 P. M.

FOR HARRISBURG.—Mountain Commandary, No. 10, Knights Templar, will leave this (Thursday) evening, for Harrisburg, to participate in the ceremonies of raising the American Flag on the State Capitol. They will be accompanied by the Altoona Brass Band.

☞ A portion of the trestle work of the Tyrone and Clearfield Railroad, across the river at Tyrone, was carried away by the high water and floating ice, on Tuesday of last week. One of the abutments of the bridge at that place was also considerably damaged.

At a stated meeting of Altoona Lodge, No. 462, I. O. of O. F., the following preamble and resolutions were adopted.

WHEREAS, By a dispensation of an Allwise Providence, we are called upon to mourn the loss of our much esteemed brother Martin J. Ake, late a member of this Lodge.—Therefore,

LABOR-SAVING WASHING MACHINE.

THE UNDERSIGNED HAVING purchased the right for Blair county, of

Tolhurst's Improved Washing Machine,

are now manufacturing them at Altoona, and intend to supply them to those persons throughout the county who desire a LABOR-SAVING MACHINE.

This machine is got up on an entirely new principle, and is so simple, by those who have seen it in use, the best that has ever been brought before the public.

Among the many advantages of this machine over all others may be mentioned the following:

1*st*. Its simplicity of construction, making it almost impossible to get out of order.

2*d*. Its speed, which astonishes alike the operator and the looker on.

3*rd*. The facility with which it adapts itself to the bulk or quantity of clothes desired to be washed.

4*th*. It washes equally well the finest and lightest fabric or the coarsest and heaviest, such as bed-quilts, comforts, blankets, &c.

McMINN & DERN,
Allegna, Blair County, Pa.

We the undersigned, hereby certify that we are now using Tolhurst's Improved Washing Machine and are fully satisfied that it is a very excellent article of the kind; combining as it does great speed with little labor and performing its work in the most satisfactory manner. We therefore cheerfully recommend it to all who desire a real labor-saving washing machine.

THE

ONLY DISCOVERY

Worthy of any Confidence

FOR RESTORING

THE BALD AND GRAY.

Many, since the great discovery of Prof. Wood have attempted not only to inflate his restorative, but profess to have discovered something that would produce results identical; but they have all come and gone, being carried away by the wonderful results of Prof. Wood's preparation, and have been forced to leave the field to its resistless sway.—Read the following:—

BATH, Me., April 18th, 1859.

PROF. O. J. WOOD & CO.: GENTS:—The letter I wrote you in 1856 concerning your valuable Hair Restorative, and which you have published in this vicinity and elsewhere, has given rise to numerous inquiries touching the facts in the case. The enquiries are, first, is it a fact of my habitation and name, as stated in the communication; second, is it true of all therein contained; third, does my hair still continue to be in good order and of natural color? To all I can and do answer invariably yes. My hair is even better than in any stage of my life for 30 years past, more soft, thrifty and better colored; the same is true of my whiskers, and the only cause why it is not generally true, is that the substance is washed off by frequent ablution of the face, when if care were used by wiping the face in close connection with the whiskers, the same result will follow as the hair. I have been in the receipt of a great number of letters from all parts of New England, asking me if my hair still continues to be good; as there is so much fraud in the manufacture and sale of various compounds as well as this, it has, no doubt, been basely imitated and been used not only without any good effect, but in absolute injury.—I have not used any of your Restorative of any account for some months, and yet my hair is as good as ever, and hundreds have examined it with surprise, as I am now 61 years old and not a gray hair in my head or on my face; and to prove this fact, I send you a lock of my hair taken off the past week. I received your favor of two quart bottles last summer, for which I am very grateful. I gave it to my friends and thereby induced them to try it, many were skeptical until after trial, and then purchased and used it with universal success. I will ask as a favor, that you send me a test by which I can discover fraud in the Restorative, sold by many, I fear, without authority from you. A pure article will insure success, and I believe where good effects do not follow, the failure is caused by the impure article, which curses the inventor of the good. I deem it my duty as heretofore, to keep you apprised of the continued effect on my hair, as I assure all who enquire of me of my unshaken opinion of its valuable results. I remain, dear sir, yours,

A. C. RAYMOND.

AARONS RUN, KY., Nov. 30, 1858.

DEAR SIR.—I would certainly be doing you a great injustice not to make known to the world, the wonderful, as well as unexpected result I have experienced from using one bottle of your Hair Restorative. After using every kind of Restoratives extant, but without success, and finding my head nearly destitute of hair, I was finally induced to try a bottle of your Hair Restorative. Now, candor and justice compel me to announce to whoever may read this, that I now possess a new and beautiful growth of hair, which I pronounce richer and handsomer than the original was. I will therefore take occasion to recommend this invaluable remedy to ALL who may feel the necessity of it. Respectfully yours,

P. S.—This testimonial of my approbation for your valuable medicine (as you are aware of) is unsolicited, but if you think it worthy a place among the rest, insert if you wish; if not destroy as I say nothing.

Yours, &c., REV. S. A. BROCK.

The Restorative is put up in bottles of three sizes, viz: large, medium and small; the small holds ½ a pint and retails for one dollar per bottle; the medium holds at least twenty per cent more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent more in proportion, an retails for $3 a bottle. PROF. L. MILLER'S HAIR INVIGORATOR!!

AN EFFECTIVE, SAFE AND ECONOMICAL COMPOUND,

FOR RESTORING GRAY HAIR to its original color without dyeing, and preventing the hair from turning gray.

FOR PREVENTING BALDNESS, and curing it, when there is the least particle of vitality or recuperative energy remaining.

FOR REMOVING SCURF AND DANDRUFF, and all cutaneous affections at the Scalp.

FOR BEAUTIFYING THE HAIR, imparting to it an unequalled gloss and brilliancy, making it soft and silky in its texture and causing it to curl readily.

The great celebrity and the increasing demand for this unequalled preparation, convince the proprietor that one trial is only necessary to satisfy a discerning public of its superior qualities over any other preparation at present in use. It cleanses the head and scalp from *dandruff and other cutaneous diseases*, causes the hair to grow luxuriently, and gives it a rich, soft, glossy flexible appearance, and also where the hair is loosening and thining, it will give strength and vigor to the roots, and restore the growth to those parts which have become bald, causing it to yield a *fresh covering of hair*.

There are hundreds of ladies and gentlemen in New York who have had their hair restored by the use of this Invigorator, when all other preparations had failed. L. M. has in his possession letters innumerable testifying to the above facts, from persons of the highest respectability. It will effectually prevent the *hair from turning gray* until the latest period of life; and in cases where the hair has already changed its color, the use of the Invigorator will with certainty *restore it to its original hue*, giving it a dark, glossy appearance. As a perfume for the toilet and a Hair Restorative it is particularly recommended, having an agreeable fragrance; and the great facilities it affords in *dressing the hair*, which, when used with the Invigorator can be dressed in any required form so as to preserve its place, whether plain or in curls—hence the great demand for it by the ladies as a *standard toilet article* which none ought to be without, as the price places it within the reach of all, being.

ONLY 25 CENTS

per bottle, to be had at all respectable druggists and perfumers.

L. MILLER would call the attention of Parents and Guardians to the use of the Invigorator, in cases where the childrens' Hair inclines to be weak. The use of it lays the foundation for a *good head of hair*, as it removes any impurities that may have become connected with the scalp, the removal of which is necessary both for the health of the child, and the future appearance of its Hair.

CAUTION.—None genuine without the fac simile LOUIS MILLER being on the outer wrapper; also, L. MILLER'S HAIR INVIGORATOR, N. Y. blown in the glass.

MOFFAT'S LIFE PILLS and PHŒNIX BITTERS.

THESE MEDICINE HAVES NOW been before the public for a period of thirty years, and during that time have maintained a high character in almost every part of the globe, for their extraordinary and immediate power of restoring perfect health to persons suffering under nearly every kind of disease to which the human frame is liable.

The following are among the distressing variety of human diseases in which the

VEGETABLE LIFE MEDICINES

are well known to be infallible.

DYSPEPSIA, by thoroughly cleansing the first and second stomachs, and creating a flow of pure, healthy bile, instead of the stale and acrid kind; FLATULENCY, Loss or Appetite, Heartburn, Headache, Restlessness, Ill Temper, Anxiety, Langour, and Melancholy, which are the general symptoms of Dyspepsia, will vanish, as a natural consequence of its cure.

COSTIVENESS, by cleansing the whole length of the intestines with a solvent process, and without violence; all violent purges leave the bowels costive within two days.

FEVERS of all kinds, by restoring the blood to a regular circulation, through the process of respiration in such cases, and the thorough solution of all intestinal obstruction in others.

The Life Medicines have been known to cure RHEUMATISM permanently in three weeks, and GOUT in half that time, by removing local inflammation from the muscles and ligaments of the joints.

DROPSIES of all kinds, by freeing and strengthening the kidneys and bladder; they operate most delightfully on these important organs, and hence have ever been found a certain remedy for the worst cases of GRAVEL.

Also WORMS, by dislodging from the turnings of the bowels the slimy matter to which these creatures adhere.

SCURVY, ULCERS, and INVETERATE SORES, by the perfect purity which these LIFE MEDICINES give to the blood, and all the humors.

SCORBUTIC ERUPTIONS and RAD COMPLEXIONS, by their alterative effect upon the fluids that feed the skin, and the morbid state of which occasions all eruptive complaints, sallow, cloudy, and other disagreeable complexions.

The use of these Pills for a very short time will effect an entire cure of SALT RHEUM, and a striking improvement in the clearness of the skin. COMMON COLDS and INFLUENZA will always be cured by one dose, or by two in the worst cases.

PILES.—The original proprietor of these medicines, was cured of Piles, of 36 years standing, by the use of the Life Medicines alone.

FEVER & AGUE.—For this scourge of the Western country, these medicines will be found a safe, speedy and certain remedy. Other medicines leave the system subject to a return of the disease—a cure by these medicines is permanent—try them, be satisfied, and be cured.

BILLIOUS FEVERS are LIVER COMPLAINTS.—General debility, loss of appetite and diseases of females—the medicines have been used with the most beneficial results in cases of this description:—Kings Evil and Scrofula, in its worst forms, yields to the mild yet powerful action of these remarkable Medicines. Night Sweats, Nervous Debility, Nervous Complaints of all kinds, Palpitation of the Heart, Painters' Colic, are speedily cured.

MERCURIAL DISEASES.—Persons whose constitutions have become impaired by the injudicious use of Mercury, will find these medicines a perfect cure, as they never fail to eradicate from the system, all the effects of Mercury, infinitely sooner than the most powerful preparation of Sarsaparilla.

D R. MOTT'S CHALYBEATE RESTORATIVE PILLS OF IRON

An aperient and stomachic preparation of Iron purified of Oxygen and Carbon by combustion in Hydrogen. Sanctioned by the highest Medical Authorities, both in Europe and the United States, and prescribed in their practice.

The experience of thousands daily proves that no preparation of Iron can be compared with it. Impurities of the blood, depression of vital energy, pale and otherwise sickly complexions indicate its necessity in almost every conceivable case.

In Debility, Nervous Affections, Emaciation, Dyspepsia, Constipation, Diarrhœa, Dysentery, Incipient Consumption, Scrofulous Tuberculosis, Salt Rheum, Mismenstruation, Whites, Chlorosis, Liver Complaints, Chronic Headaches, Rheumatism, Intermittent Fevers, Pimples on the Face, &c.

In cases of General Debility, whether the result of acute disease, or of the continued diminution of nervous and muscular energy from chronic complaints, one trial of this restorative has proved successful to an extent which no description nor written attestation would render credible.—Invalids so long secluded as to have become forgotten in their own neighborhoods, have suddenly re-appeared in the busy world as if just returned from a protracted travel in a distant land. Some very signal instances of this kind are attested by Female sufferers, emaciated victims of apparent marasmus, sanguineous exhaustion, critical changes, and the complication of nervous and dyspeptic aversion to air and exercise, for which the physician has no name.

In Nervous Afflictions of all kinds, and for reasons familiar to medical men, the operation of this preparation of iron must necessarily be salutary, for, unlike the old oxides, it is vigorously tonic, without being exciting and overheating; and gently, regularly aperient, even in the most obstinate cases of costiveness without ever being a gastric purgative, or inflicting a disagreeable sensation.

It is this latter property, among others, which makes it so remarkably effectual and permanent a remedy for *Piles*, upon which it also appears to exert a distiuct and specific action, by dispersing the local tendency which forms them.

In Dyspepsia, innumerable as are its causes, a single box of these Chalybeate Pills has often sufficed for the most habitual cases, including the attendant *Costiveness*.

In unchecked Diarrhœa, even when advanced to Dysentery, confirmed, emaciating, and apparently malignant, the effects have been equally decisive and astonishing.

In the local pains, loss of flesh and strength, debilitating cough, and remittent hectic, which generally indicate Incipient Consumption, this remedy has allayed the alarm of friends and physicians, in several very gratifying and interesting instances.

In Scrofulous Tuberculosis, this medicated iron has had far more than the good effect of the most cautiously balanced preparations of iodine, without any of their well-known liabilities.

The attention of females cannot be too confidently invited to this *remedy* and *restorative*, in the cases peculiarly afflicting them.

In Rheumatism, both chronic and inflammatory—in the latter, however, more decidedly—it has been invariably well reported, both as alleviating the pain and reducing the swellings and stiffness of the joints and muscles.

In intermittent Fevers it must necessarily be a great remedy and energetic restorative, and its progress in the new settlements of the West, will probably be one of high renown and usefulness.

No remedy has been discovered in the whole history of medicine, which exerts such prompt, happy, and fully restorative effects. Good appetite, complete digestion, rapid acquisition of strength, with an unusual disposition for active and cheerful exercise, immediately follow its use.

Put up in flat metal boxes containing 50 pills, price 50 cents per box; for sale by druggists and dealers. Will be sent free to any address on receipt of the price. All letters, orders, etc., should be addressed to

B. F. LOCKE & CO., GENERAL AGENTS.

Salt River Passengers, Ho!

AS THE SUBSCRIBER WILL BE under the necessity of leaving early in November for the head waters of Salt River, in the ship UNION, which will *positively* sail about that time; and knowing that many of my friends will go along and will want an outfit, I take this opportunity of informing them as well as all my old friends and customers, that I have just returned from the East, where I purchased a large stock of Goods, which I am now opening at my store in North Ward, to which I invite inspection. It is the

LARGEST AND HANDSOMEST

as well as the CHEAPEST lot of Goods brought to the town this fall. The reason why I say the CHEAPEST is obvious to every reflecting mind, because as the season advances (the merchants in the east say) prices decline, therefore I have an advantage of from 20 to 25 per cent. over those who purchased early in the season, and I can and will sell cheaper than any other house in the place. Purchasers will find it to their advantage to call and examining my stock before buying elsewhere. My stock consists of all the newest styles of

HOSTETTER'S STOMACH BITTERS.

The proprietors and manufacturers of HOSTETTER'S CELEBRATED STOMACH BITTERS can appeal with perfect confidence to physicians and citizens generally of the United States, because the article has attained a reputation heretofore unknown. A few facts upon this point will speak more powerfully than volumes of bare assertion or blazoning puffery. The consumption of Hostetter's Stomach Bitters for the last year amounted to over a half-million bottles, and from its manifest steady increase in times past, it is evident that during the coming year the consumption will reach near one million bottles. This immense amount could never have been sold but for the rare medicinal properties contained in the preparation, and the sanction of the most prominent physicians in those sections of the country where the article is best known, who not only recommend the Bitters to their patients, but are ready at all times to give testimonials to its efficacy in all cases of stomachic derangements and the diseases resulting therefrom.

This is not a temporary popularity, obtained by extraordinary efforts in the way of trumpeting the qualities of the Bitters, but a solid estimation of an invaluable medicine, which is destined to be as enduring as time itself.

Hostetter's Stomach Bitters have proved a Godsend to regions where fever and ague and various other bilious complaints have counted their victims by hundreds. To be able to state confidently that the "Bitters" are a certain cure for the Dyspepsia and like diseases, is to the proprietors a source of unalloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, and imparts renewed vitality to the nervous system, giving it that tone and energy indispensable for the restoration of health. It operates upon the stomach, liver, and other digestive organs, mildly but powerfully, and soon restores them to a condition essential to the healthy discharge of the functions of nature.

Elderly persons may use the Bitters daily as per directions on the bottle, and they will find in it a stimulant peculiarly adapted to comfort declining years, as it is pleasant to the palate, invigorating to the bowels, excellent as a tonic, and rejuvenating generally. We have the evidence of thousands of aged men and women who have experienced the benefit of using this preparation while suffering from stomach derangements and general debility; acting under the advice of physicians, they have abandoned all deleterious drugs and fairly tested the merits of this article. A few words to the gentler sex. There are certain periods when their cares are so harassing that many of them sink under the trial. The relation of mother and child is so astonishingly tender, that the mother, especially if she be young, is apt to forget her own health in her extreme anxiety for her infant. Should the period of maternity arrive during the summer season, the wear of body and mind is generally aggravated. Here, then, is a necessity for a stimulant to recuperate the energies of the system, and enable the mother to bear up under her exhausting trials and responsibilities. Nursing mothers generally prefer the Bitters to all other invigorators that receive the endorsement of physicians, because it is agreeable to the taste as well as certain to give a permanent increase of bodily strength.

All those persons, to whom we have particularly referred above, to wit: sufferers from fever and ague, caused by malaria, diarrhœa, dysentery, indigestion, loss of appetite, and all diseases or derangements of the stomach, superannuated invalids, persons of sedentary occupation, and nursing mothers, will consult their own physical welfare by giving to Hostetter's Celebrated Stomach Bitters a trial.

CAUTION.—We caution the public against using any of the many imitations or counterfeits, but ask for HOSTETTER'S CELEBRATED STOMACH BITTERS, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the label.

☞ Prepared and sold by HOSTETTER & SMITH, Pittsburgh, Pa., and sold by all druggists, grocers, and dealers generally throughout the United States, South America, and Germany.
